REJECTION OVER A PRIOR PATENT**

Docket Number (Optional)

068158.00006

In re Application of: Joseph M. Pavlik et al.

Patent No.: 6,913,254

Issued: July 5, 2005

For: LOCATING ASSEMBLY HAVING AN EXTENDABLE CLAMPING FINGER

The joint owners*, Welker Bearing Company and Joseph M. Pavlik, of 100 percent interest in the instant patent no. 6,913,254 and in prior patent no. 6,786,478 with Welker Bearing Company holding an exclusive license executed by Joseph M. Pavlik for both the instant patent no. 6,913,254 and for prior patent no. 6,786,478, hereby disclaim, except as provided below, the terminal part of the statutory term of patent no. 6,913,254, which would extend beyond the expiration date of the full statutory term defined in 35 U.S.C. 154 to 156 and 173 as presently shortened by any terminal disclaimer of prior patent no. 6,786,478. The owner hereby agrees that patent no. 6,913,254 shall be enforceable only for and during such period that it and prior patent no. 6,786,478 are commonly owned. This agreement runs with patent no. 6,913,254 and is binding upon the grantee, its successors or assigns.

In making the above disclaimer, the owners do not disclaim the terminal part of patent no. 6,913,254 that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. 154 to 156 and 173 of the prior patent (6,786,478), "as the term of said prior patent is presently shortened by any terminal disclaimer", in the event that said prior patent (6,786,478) later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321, has all claims canceled by a reexamination certificate, is issued, or is in any manner terminated prior to the expiration of its full statutory term as shortened by any terminal disclaimer filed prior to its grant. Nor does Welker Bearing Company withdraw its earlier-filed Terminal Disclaimer. The joint owners warrant that the ownership status of patent no. 6,913,254 and patent no. 6,786,478 has remained unchanged since Welker Bearing Company obtained its ownership interest in patent no. 6,913,254 and patent no. 6,786,478 from inventors Douglas J. Holt and Robert C. Adams, Jr. on November 11, 2003. The above disclaimer is retroactive to the issue date or whatever date is necessary for enforcement of the above-referenced patents. Check either box 1 or 2 below, if appropriate.
